PROFILE

Software developer who learns by shipping: 240+ hours of certified, project-based training, a commercial website delivered to a Swiss client, and a community site for a local association. Both sites are live in production on custom domains. Comfortable owning a project end to end, from design through build to deployment. Currently deepening the stack with Node.js (backend) and React Native (mobile). Open to on-site, remote, or hybrid roles.

SKILLS

Core: JavaScript (ES6+), TypeScript, HTML5, CSS3 / Sass

Frameworks & libraries: React, Next.js, Astro, Tailwind CSS, Zustand, Vitest

Tools & platforms: Git & GitHub, Supabase, Vercel, Netlify, npm

Practices: Responsive design, component-based architecture, REST APIs, SEO fundamentals

PROJECTS

Swiss Leak Control · first commercial client

sl-control.ch · [GitHub](#)

- Designed, built, and delivered a production website for an independent heat-pump service in Switzerland, handling the full project solo from concept to launch
- Multi-page, German-language site built with Astro: SEO metadata, optimized images, cookie consent

UG “Ridžali-Džebe” · community website

ridzalidzebe.ba · [GitHub](#)

- Built and launched the official website of a local community association: annual memorial football tournament honoring the fallen defenders of Bosnia and Herzegovina, photo gallery, local history, and the monument at the grounds
- Next.js, TypeScript, and Tailwind CSS; designed, built, and maintain the live site in production

Swoopt · media downloader

[GitHub](#)

- Full-stack Next.js app that downloads video and audio from YouTube, SoundCloud, and Vimeo, including entire playlists from a single URL
- TypeScript, Tailwind CSS, Zustand for state management, Vitest for testing; server-side download pipeline (runs locally)

Plus 11 guided projects from coursework, including The Wild Oasis (React + Supabase admin dashboard), WorldWise, and Forkify. All on GitHub, most with live demos.

EXPERIENCE

Field Technician (External Associate) · BH Telekom, Zavidovići

Nov 2025 – Feb 2026

- Installed home internet for customers and resolved reported faults on site, diagnosing issues with modems and Moja TV (IPTV) receivers
- After one month of training with a senior technician, handled daily installations and service calls independently

Media Buyer / Project Manager · FIFTHWEAPON

Freelance, remote · 2022 – 2024

- Planned and ran paid ad campaigns on Facebook, TikTok, and Google Ads for an international marketing agency, analyzing performance data to guide spend
- Moved into project management: coordinated projects from planning to delivery, tracked progress, and kept the team aligned on timelines and goals

Virtual Assistant / Junior Media Buyer · BrandEvolution

Freelance, remote · 2019 – 2021

- Started as a virtual assistant supporting daily operations, then progressed into media buying, helping run ad campaigns on Facebook and Google Ads
- 4+ years of fully remote work with international clients and teams, communicating in English
